Practical information

Accommodation	After receiving the student's nomination housing information will be sent to the student directly. HZ has partnered APV student housing to make it easier for students to find a place to live in. They offer rooms in both Vlissingen and Middelburg. Another reliable company is GAPPH student housing who offer rooms (unfurnished rooms but possible to opt for a furniture package) in Middelburg. We strongly advise students to arrange housing as soon as possible.
Insurances	Students need to make sure that they are properly insured during their stay. International students who study in the Netherlands are legally required to have health insurance. Additionally we strongly advise students to take out a liability insurance. Click here for more detailed information
