Why should you have insurance coverage for exchange programs?

- You could be involved in an accident and need medical treatment
- You could fall ill and need a medical repatriation
- You might cause damage to a third party
- You might be robbed during a trip
- The safety situation in your location might change

Checklist on insurance before you go abroad

- What is your (legal) insurance status?
- Which insurance do you already have?
- Do you need additional insurance?

Dutch students: your (legal) insurance status

Your (health) insurance position is based upon activity abroad

Activity

- Study and/or exchange only: Dutch basic health insurance continues
- Internship with financial allowance: Might affect your basic health insurance

Check in case of financial allowance

- Via: Sociale Verzekeringsbank (prior (6 weeks) to your departure)

EU students/ international students: your (legal) insurance status

Your (health) insurance position is based upon activity abroad

Activity

- Check with your health care provider/ insurance plan if the coverage is still valid during your new stay abroad (different country/ activities)

What insurance do I already have?

Check if you might have coverage on other insurance contracts:

- Travel insurance (parents)
- Aon student insurance

Check the insurance plan on:

- The area of coverage
- Activities (are work placements /studies covered ?)
- Duration of your trip
- Benefits insured
