

Orientation week for new International students Fall semester 2017/2018

28 August – 1 September 2017
International Office

Dear student,

We would like to welcome you to HZ University of Applied Sciences!

This booklet will give you a brief overview of what you can expect during the first week of your stay. You will probably be quite eager to start your studies; however, it is also necessary to get some practical things organised before actually attending classes.

Please feel free to ask the HZ-staff any questions you can think of. We are here to guide you through your first weeks and the more we help you, the more we can assure that you will have a good time here! Also, make contact with your new fellow students; the first week is such a great opportunity to meet new people!

We have organised an orientation week, details about this week can be found in this booklet. Furthermore we strongly advise you to read the pre-arrival information on the website (www.hz.nl, practical matters, pre-arrival) where you can find lots of useful and practical information.

We wish you a wonderful stay at HZ and lots of success during your study!
